

The new 2010 Full Size Ute® Bed

For all full size SRW pickups including Ford F150/250/350, Chevy/GMC, Dodge Ram 1500/2500/3500, Toyota Tundra and Nissan Titan.

*Tough, versatile, durable, and light weight for increased fuel efficiency,
Ute aluminum beds will outlast the life of your truck!*

Single rear wheel models only. Available in the following sizes:

- 7' x 8'6" (long bed)
- 7' x 7' (short bed)
- 7' x 9'6" (chassis-cab)

- Made from strong T-6 aircraft grade aluminum.
- No welds so it is easy to repair if damaged.
- All components are bolted with stainless fasteners.
- Installed Ute® Bed weighs about 450 lbs.
- Decking is load-rated at 3.5 tons.
- Includes drop-sides, rope rails, headboard, fenders and mud flaps.

Other options:

- Removable rear ladder rack.
- Side steps (easy access to bed)
- Tube type headboard
- UteTop® canopy (fits on the deck without the drop sides).
- Warranty same as the GM factory warranty.
